Agriculture is the primary focus expressed in this morning's Torah portion, that along with the role of the priest. The land and the priesthood are for the benefit of the people. Yet, the land ultimately belongs to God; the priesthood represents God to the people Israel. The framework that the Torah provides combines all three: How we treat our fellow human-being impacts on how the land is treated, along with, but not more important than, our relationship to God.

We welcome you to join us after services today for Kiddush. Sponsor a Kiddush lunch to honor a special event or person in your life, celebrate an accomplishment, or for no special reason at all. It's a mitzvah that benefits you and your KM community. Call the KM office to reserve a date.
