PARASHAT KI TAVO

This morning's Torah portion contains an awesome array of curses that overshadow a meager amount of blessings. This imbalance is similar to the Torah in general where negative commandments outnumber positive ones. Understandably, the Torah both promises and threatens. That said, may our actions in the coming New Year be pure and noble so that we are truly deserving of God's blessings.

We welcome you to join us after services today for Kiddush sponsored by Judy and Ness Moadeb in honor of Judy's birthday. Happy birthday and thank you.
